BF Adventure NCS provides the buzz of being an adult without the responsibility of being an adult. Over two weeks take a crash course in life skills that inspire you to feel more independent. You'll meet new people, have fun, stay away from home, take on adventurous activities and challenges and get your entrepreneurial hats on to do some good.

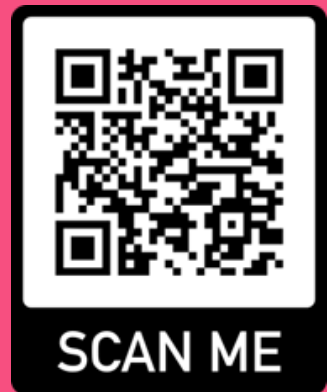

At the end of it all, you'll get to go to a prestigious graduation event, celebrating the difference you've made in the community! Walk into your future with your newfound skills, friends and graduation certificate signed by the prime minister!
